Worldwide Congresses

Socialartist.events, worldwide congresses for persons with disabilities, has served as a bastion of strength and support for the advancement of inclusive practices for nearly three decades.

To date, about 40 congresses have been organised, mainly in Europe, South America and Asia, leading to sustainable improvements in the lives of the target group. Thousands of people have participated in these events, and a large congress movement has emerged as a result.

We need your help to continue this work. Get involved in this congress initiative and support the social artists of our time - people with disabilities!
